

1. Click on the Houghton Mifflin link.
2. Click on the grade you teach.
3. To get worksheets, click on Leveled Practice.
4. Click on the unit you are working on.
5. Click on the lesson and the type of sheet you want.
6. It will open a pdf file that you can print.
7. If you haven't used these before but have the workbooks, "practice" should be what matches the workbooks.
8. If you assign workbook pages for homework, you can have them put the lesson in their assignment books (i.e. Lesson 3.2) and put these instructions on your schoolnotes. Students can get the correct page if they leave their workbooks at school.
